heard.while there. When it was a good friend's turn to visit, I bought this book for her. She told me how much she loved it, and how many of the expressions she used while she was there - to the delight of her new Aussie friends.Even if you're not going Down Under. It's a fun to learn the adorable and quirky expressions.1 of 1 people found the following review helpful. Small but a lot of information!By SamieGot this as a gift for a friend that is moving to Australia for school! Though it was pretty small, it is perfect for a quick read on the plane or to carry around in your purse as she explores the streets of her new home.0 of 0 people found the following review helpful. Awesome Aussie little book! By RubyGot this Aussie book, because I'm Australian, for my American father in law. I've heard that it's a great book and it had really good reviews so I brought it for him for father's day. I'm sure he will love it. It's a little smaller size book than I thought but it's great quality and super cheap. Very happy...
